2014 - 2015 2015 - 2018

Bachelor of Arts Bachelor of Information Technology
Major: Criminology, Journalism Major: Human-Computer Interaction

## Software Skills and Interests

#### Software **Skills Interests** Adobe Illustrator Wireframing **Animation Design** Prototyping Adobe Experience Design **Rock Climbing** Invision **UX** Design Routesetting HTML/CSS Filter Coffee Web Design **Javascript Data Visualisation User Testing** Angular

### **Experience**

#### **Freelance Designer (2017 — Present)**

# (design and otherwise)

Creating web designs for people and businesses to develop their online presence.

#### **Current Client: Real Engine**

React

Currently designing a visual scripting language and interface for a game builder for the real world.

#### **UQ Weekend Of Startups 2016 Winner**

Designed and pitched QuikMeals, a recipe finder for people who don't have time. Designed, researched and tested within 2 days. Although it wasn't the prettiest design, it communicated the idea quickly and effectively.

#### Volunteer Myriad Live, Lead Volunteer YOW! Conference

Providing seamless experiences in trasferring speakers and audiences to the right locations as well as thinking on the spot to solve any unexpected obstacles.
